

MEMO BOOK NOTES PL HANNAH [BARTZ] 8747

Homicide

Toronto Police Service

Re Traffic Services file Fatal 23-09

Transcribed by Wayne Scott 2013-02-10

[Note: Bartz seems to have paired with Thao Vo 7897 to interview witnesses identified as R12 and R13 in the Collision Reconstruction Report. Bartz's notes below record the questions. Vo's notes record the answers. The lists of questions appears to be preliminary; supplementary questions may not have been recorded. Also mentions a third witness handed off to DC Fazeli.]

(PL HANNAH was named on this file in the documents received from FOI. That name is not listed on the FOI Civilian and Police Witness List or the Recon Report witness list. We believe she is the Hannah Bartz, named on the lists, and have renamed her files accordingly.)
