Toronto Police Service Service
Re Traffic Services file Fatal 23-09
Transcribed by Allan Sheppard 2012-11-19

0115? Advised by D/C Richard WALKER(?) (on desk) that Det. KIM GROSS 1092 has requested our services if required. TSV (Traffic Services) currently investigating cyclist fatality Bloor & Bay 52 Div. p.56/000052
(u/c [UNCLEAR/UNCERTAIN?] if PI [PERSONAL INJURY?] or Hom.[HOMICIDE?])
--prepare VQMIP? P. 56/000052
To Bloor & Bay.
0205 O/S (on scene) east of Avenue Rd. Meet D/C J. VANCE + TSV currently giving tour to Hom Det. KIM GROSS & p.56/52
To Bloor & Bay.
0205 O/S (on scene) east of Avenue Rd. Meet D/C J. VANCE + TSV currently giving tour to Hom Det. KIM GROSS & p.56/52
pools? Of blood w[here]/the victim came to rest.
--walk over to east (or out) side Hyatt Hotel. -- susp(ect) auto parked. SAAB REDACTED 9005E, convertible (top down) 2 parking stubs on Rt windshield limit? exp. 31/08/09 20:27 p.m.
--auto black
--apparent fresh [?] damage Rt rear p. 57/53
fender, front bumper, driver's exterior mirror housing, lt rear fender + wheel well.
--auto processed by PC SCEARCE 90226 TSV
--scene? o.i.c. [officer in charge?] Sgt. COLLINS 7420
--reconstruction o.i.c. D/C VANCE,
--Det. BRITTON 3572 TSV joint in charge (?) w(ith) Hom (w/ D/C ART p. 57/53
LANE 6574 D/C LESTER LALLA TSV assist/managing (?) invest(igation)
--BRITTON advises TSV will attend autopsy (FIS not ired.)
0305 I will call D/C (s/b Sgt?) WONG at St. Mike's Hosp & advise body can be taken can to morgue (?) (advise? i? Hom?) + I agree?? to accept control(?) at scene.
D/Sgt MOREIRA [Homicide] ?? advises? susp auto taken p. 58/54
to FIS to await s/w search warrant) for forensic examination + mechanical check.
--walk scene? w/Hom + -Det. BRITTON.
--Det. GROSS points out area on road (Bloor St) marked with sm? pylons in front of 102 Bloor (w/b [westbound] lane)
0350 I start video of street from east of Yonge St to Audi [s/b SAAB?] at Hyatt. p. 58/54
0417 conclude video
0420 review scene photos taken by PC HODGERT 7082 TSV
0430 PC MARK MELBYE 8352 TSV o/s w/ victim's clothing & shoes(?) -- knapsack (u-bolt bike lock under ??? at bottom of knapsack)
--I place into property(?) box pair shoes + wool-type sweater (___??_) into 2nd box blue jeans w/belt + bag p. 59/55
of clothing(?) bunched together?. (All 4 items in separate paper bags -- 2 bags per box).
--Melbye advises there appeared to be deep? puncture on lt side of torso(?) (poss from fire hydrant)
I see? bicycle leaning? on rack in front of 149 Bloor, pointed out by PC VANCE. p. 59/55
??? noting? victim's bicycle is whi(te) racing style with whi(te) flashing light on front steering post (currently flashing). Chain off gears (1 speed).
0510? Break (coffee). call FIS + advise.
0525 Continue scene exam. Process fire hydrant in front of c. 145 Bloor ("Sephora" [Sephora is 131]) yellow hydrant p. 60/56

33" tall, 10" dia hood? with connector caps on west and east sides & larger blk (black) cap on north side.

Blk cap 7" dia with 1 1/4" x 1 1/4" x 1 1/4" square bolt in center. Apparent contact mark on east side of the blk cap with loose? fibers stuck to east(?) & bottom of bolt. Bolt c. (circa?) 14"

p. 60/56

south of south curb.

0600? I photo and collect fibres from bottom of bolt (use new tweezers and glass vial.

0610 Photo & collect piece of bark from sidewalk in front of "Mendecino" (c. 131 Bloor). Bark 34" west of tree, 20" s. of s curb.

(tree 29" s of s [curb?])

(u/k (unknown if involved)

(collected w/ new p. 61/57

glove & plastic vial).

0620 I advise PC BHATHAL 9920 I am finished w/ Bloor St. Police line to be remaining? & Bloor cleaned(?)

0630 Attend Hyatt Hotel Audi ?G.O.A.?

--PC HARLEY 9969 clearing(?) mins(?) before(?) SAAB taken to 9 Hanna.

0635 TFD pumper 312 o/s to wash Bloor. I have them loosen p. 61/57

blk hydrant cap & I remove & seize(?)

[Scene shifts to TSV HQ]

0700 9 Hanna.

Victim -- Sheppard, Darcy 75-10-11

REDACTED

--TSV Fatality 23-09 info(?) from D/C LANE.

--LANE requests bicycle be left w/SAAB for reconstruction, & ???? knapsack w/ ???? (+ shoes).

p. 62/58

0740 I remove bicycle (serial # AS566285) from FIS 2 (?) & put by SAAB. (noticing bike rear tire flat).

Front light still flashing (loose on post).

--Check SAAB damage recording? m__??__ __??__ rt rear(?) f__?__ damage & It wheel well damage may be p. 62/58

old (due to rust)

--note c-phone still on front pass. floor.

--note as seen earlier(?) 3 digit drag marks (w/blood) on inside of driver's windshield at post.

--Now notice poss blood transfer on inside of driver's door. PHOTO.

0815 I turn over to D/C LANE 6574 knapsack & victim's shoes.

--show Lane hydrant cap

--I notice I did not acquire measurement of cap center to ground.

D?C BARR/BHAR? 7977 assigned to revisit scene & measure distance. p. 63/59

0825 I seal blk cap (hydrant) back into bag c1095490.

--PC HOWLETT 6288 advises TSV photos downloaded under TSV00373109 & CARS * 1121922 (TSV v28??**)

--I also turn over to D/C LANE the blk cap p. 63/59

in prop bag (for PC VANCEe to take to autopsy).

--I advise D/C LANE that bike is now w/SAAB

--I retain victim's clothing(?), fibers from hydrant & seized? bark (examine bark closer -- appears to have fibers attached)

--charges to dr crim neg cause death & dangerous driving cause death.

1005? REDACTED FIS D/C SEAN(?) MCCONNELL(?) in/is ??? ?? p. 64/60

printing(?) Diamond Taxi 2556 ?? __??__ Ryan __??__ completed taxi download & 3 occupants were in taxi at time(?) in question(?)

?05 Spoke w/D/C LESTER LALLA 8712 TSV re Bloor & bay fatality Job220723-09

He is seeking advice(?) for SAAB, & my involvement.

--I advise I collected fiber, bark, hydrant cap, bicycle, also p. 68/64

that i recovered victim's clothing. Also that I turned over to D/C LANE cap, shoes, knapsack, & bicycle (left w/car)

As for the SAAB I advised I noticed there was finger smear w/blood inside driver's windshield & "blood" smears on inside of driver's door, & no visible blood on headrest(?). I suggest the recon team check under(?) car & in [front?] REDACTED for blood. I also suggest a s/w (search warrant) be obtained, & recon team examine vehicle processing(?) blood drops. I also advise SAAB should have been in secure bay.

??10 I forward LALLA the email I sent to LANE yesterday. REDACTED p. 69/65 or 17/65

REDACTED

Tw?? 09-09-15

REDACTED emails reply to D/C LANE Tsv re SAAB

REDACTED p. 70/66 or 18/66

Fri 09-09-25

REDACTED

I call D/C LESTER LALLA 8712 & D/C ARTHUR LANE 6574 TVS re Fatality 23-09. They had meeting at CFS w/MONICA SLOAN (314-3265) & CHRISTINE MCCARTHY (4-3257).

I am to package & send deceased's clothing to CFS for inventory?, along with fibres. CFS dealing(?) with scuff marks & blood on auto. They will process steering wheel as quickly as possible for fingerprinting.

I am to F/P [fingerprint] auto (poss. ___?___). LANE to check w/mechanics re feasibility of removing steering wheel for printing at FIS lab (FIS job 20723-09)

1915 LESTER calls back advising p. 19/67

mechanics unfamiliar with Saab parts. I request(?) 2 cyano ~~___/___~~ & examine wheel at CFS while still attached. LESTER to email CFS form.

-- preparing? CFS form. p.1447970/68

REDACTED
?505 Call from REDACTED Ont. agent for B.C. Crown, Mr. Peck re REDACTED case(?).
He asks questions regarding cyano process. I fwd(?) suggestion to TVS (TSV?).
I have received/made(?) one request from(?) D/Sgt FRANK BRITTON 8-1932 (no answer) to
confirm ID.
I return call to REDACTED & explain process.
REDACTED p. ???/72
Fri 09-11-06
REDACTED
Meet D/C ART LANE (6574) D/C LALLA (8712) D/C JEFF VANCE (4) & D/SGT Frank Britton
REDACTED DALRYMPLE?. Also GERRI LYN VARDI [VARDY] (CFS)
-- Sign-in & take us? 2(?) into CFS garage bay. Subject/suspect auto SAAB blk, convertible (top
down) REDACTED CFS stickers on auto indicating above(?) what samples collected (poss blood,
paint)
-- I notice CFS sticker marked "7-6" & "4A" by the 3-finger swipes (at least 1 w/"blood") p.
71/73
at tip of "blood" swipe is circle of dots indicating where swab sample taken by CFS. Also sticker
"4D" on horn.
-- D/C VANCE [recon] says he examined (visually) auto on Sept 14 & noticed poss. palm prints
(2) on top of front lt fender.
-- C-phone still on front pass floor.
-- 2 parking receipts REDACTED still on rt wiper.
-- Impound form on Lt windshield.
-- GERRI LYNN advises sms? (chem(?)) will still need to take rubber samples from area of front
bumper where bicycle tire may have made contact -- but she advises I may examine area
w???dons(?)
??55 – GERRI LYNN relieved by MATTHEW GIBB p. 72/74
VANCE out.
-- I dim lights & check exterior with oblique lighting. Notice new(?) layer of dust on body &
windshield.
VANCE's "palm prints" not visible.
??10 ART LANE out.
-- I examine exterior & driver's(?) area w/polilight.(350 ~m?) -- nothing(?)
??25 I cyano steering wheel (???)
--ntg(?) (to r??-6-G(?) later)
??05? examine exterior & driver's area w/450 & ~m (org, red & no filters). p. 73/75
??25 photo swipe marks on front of hood. (under layer of dust) with oblique whi light.
2" broad horizontal swipe 6" above SAAB emblem & 3 2" swipes going downwards towards
bumper from lt side of horizontal swipe. Also, to left(?) of above is p. 73/75
a 1" X 6" rectangle (vertical, 4 1/2" above rt headlight)
Also, poss. finger touches by frill to rt of the 3 swipes.
-- I photo lt front fender w/oblique lighting showing no sign of palm prints under dust layer.
-- examine poss hand touches on front windshield post (driver's side, poss fingerprints?)
REDACTED ? (cluster?) 1' above (perpendicular) door.
Mark at lower right(?) of 3 finger swipes on inside of windshield, at same angle.
-- Photo & I request(?) Andrew Wolf (CIXSM(?) CFS??) attend & collect samples from main(?)
body of mark (does not appear to be blood)

-- I examine post further and notice additional finger touching above p. 74/76
cluster closer to glass (windshield) facing forward & horizontal -- similar positioning to the cluster.
-- Photo & C.A./O.A.(?)
REDACTED LANE (now returned) advising driver's windshield wiper was not in orig (current)
position at hotel (info from doorman). p. 75/77
And(?) driver's exterior rearview mirror was also pushed in (towards back) at scene currently
REDACTED in "normal" position).
-- Also LANE asks for c-phone (pass floor) & driver's windshield wiper to be removed/printed?. I
advise I will submit both to FIS lab
-- TR??? C A.(H)(?) w/kit6G-dye?
??35 Break.
?350 Continue
-- Examine steering wheel & post w/ 505 ?? - ?? (No signs of handling)
-- BRIAN [?] also checks -- nothing(?)
1410 I Treat?? 3 finger swipes p.75/77
on inside of windshield w/LCV [latent print developer/test for blood?] -- noting(?) min of 3 swipes
8" below glass frame -- swiping horizontal towards post, 4" long.
-- Focus(?) on(?) [seems to apply sticky sheet to] exterior of car.
R1?? -- (palm) -- 6 1/2" from wheel well, 8" to rear of lt signal light.
R2?? -- (palm) 6 1/2" from well, 13 1/2 " to rear of signal light.
-- Photo. P. 76/78
I collect c-phone from REDACTED pass floor & put into prop bag B1040967 for LALLA to seize(?)
--Lift R1 & R2
I remove driver's wiper & place into prop bag D330807 for LALLA to seize(?)
?559 BRIAN out.
-- Put away equip(?)
-- Note -- there was an area of handling(?) along/on top edge(?) of driver's door c. 12"(?) to rear
of mirror. No detail. p. 76/78
LALLA turns over sealed prop bags w/wiper and c-ph to submit to lab. Tag N578309 for phone
tag -- N578308 for phone)
